“ Cliffy was operating his backhoe in a new subdivision area right in back of us several years ago. My daughter and I visited his beloved machine one evening after the work day was over and he had gone home. He was touched to near tears that next birthday morning when he arrived at work to find balloons and ribbons and a birthday card all over his backhoe! Was fun to bless such a wonderfully hearted Friend. Have many fond memories with he and Diana. My heart goes out to all 3 of you as well as my prayers.
